#### **MFDR Date Received**

DECEMBER 8, 2006

#### **Respondent Name**

AMERICAN ZURICH INSURANCE CO

#### **MFDR Tracking Number**

M4-07-3559-01

### **REQUESTOR'S POSITION SUMMARY**

**Requestor's Position Summary Dated December 7, 2006:** "This patient was urgently admitted to Memorial Hermann Hospital by Dr. Dhiren Sheth to perform a complicated left total knee replacement...This surgery is an inherently complicated procedure requiring extensive services and supplies, and operating room time." "This injured employee was treated at Memorial Hermann from December 12, 2005 through December 14, 2005. The complications from previous injury coupled with the additional procedures performed rendered this total knee replacement a complicated procedure due to the nature of the procedure and extensive services and supplies provided. The nature of the patient's extensive injury and post operative care required the patient to incur unusually costly services and medical supplies during his stay...Due to the unusually costly and extensive services and supplies provided and the patient's extended length of stay, the hospital's usual and customary charges for room and board, ancillary services, drug charges and implants exceeded the stop loss threshold found in the Acute Care Inpatient Hospital Fee Guideline, Rule 134.401(c)(6)." "Because the hospital's usual and customary charges exceeded the stop loss threshold, payment should have been made at 75% of total charges."

**Requestor's Supplemental Position Summary Dated January 16, 2009:** "Enclosed please find the medical records...and implant invoices...for the above referenced patient."

#### **Requestor's Supplemental Position Summary Dated November 15, 2011 and November 28, 2011:**

"The Court further determined that to apply the Stop-Loss Exception, a hospital is required to demonstrate that its total audited charges exceed \$40,000, and the admission involved unusually costly and unusually extensive services to receive reimbursement under the Stop-Loss method". "Based upon this information, Memorial Hermann has met its burden under the Stop-Loss exception and is entitled to the additional reimbursement."

**Affidavit of Michael C. Bennett dated November 14, 2011:** "I am the System Executive of Patient Business Services for Memorial Hermann Healthcare System (the 'Hospital')." "The attached Exhibit A is the itemized statement and claim form that provides a record of information for services and supplies that the Hospital provided to the patient. This patient was admitted and surgically treated at the Hospital from December 12, 2005 through December 14, 2005." "The charges reflected on the attached Exhibit A are the usual and customary fees charged for like or similar services and do not exceed the fees charged for similar treatment of an individual of an equivalent standard of living and paid by someone acting on that individual's behalf." "On the dates stated in the attached records, the Hospital, as noted, provided surgical care and subsequent post operative services to this patient who incurred the usual and customary charges in the amount of \$68,832.00 which is a fair and reasonable

rate for the services and supplies provided during this patient's hospitalization. Due to the nature of the patient's injuries and need for surgical intervention, the admission required unusually costly services."

**Affidavit of Patricia L. Metzger dated November 21 2011:** "I am the Chief of Care Management for Memorial Hermann Healthcare System (the 'Hospital')." "Based upon my review of the records, my education, training, and experience in patient care management, I can state that based upon the patient's diagnosis and extent of injury, the services and surgical procedures performed on this patient were complicated and unusually extensive."

**Amount in Dispute:** \$42,347.07

### ***RESPONDENT'S POSITION SUMMARY***

**Respondent's Position Summary:** The respondent did not submit a response to this request for medical fee dispute resolution.

### ***SUMMARY OF FINDINGS***

Disputed Dates	Disputed Services	Amount In Dispute	Amount Due
December 12, 2005 through December 14, 2005	Inpatient Hospital Services	\$42,347.07	\$0.00

### ***FINDINGS AND DECISION***

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

#### **Background**

1. 28 Texas Administrative Code §133.305 and §133.307, 27 *Texas Register* 12282, applicable to requests filed on or after January 1, 2003, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.
3. 28 Texas Administrative Code §134.1, 27 *Texas Register* 4047, effective May 16, 2002, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of a contract or an applicable division fee guideline.

The services in dispute were reduced/denied by the respondent with the following reason codes:

#### **Explanation of Benefits**

- W1-Workers Compensation state fee schedule adjustment. Submitted services reflect the application of a total maximum loss percentage based upon state per diem guidelines.
- W1-WC state fee sched. adjust.submitted services are considered inclusive under the state per diem guidelines.
- 16-Claim/service lacks info which is needed for adjudication. In order to review this charge we need a copy of the invoice detailing the cost to the provider.
- W3-Additional payment made on appeal/reconsideration. Reimbursement for your resubmitted invoice is based upon documentation and/or additional information provided.

#### **Issues**

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

#### **Findings**

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 *Texas Register* 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 South Western

*Reporter Third* 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services.” Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals’ November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that “Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection...” 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states “...to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold.” Furthermore, (A) (v) of that same section states “...Audited charges are those charges which remain after a bill review by the insurance carrier has been performed...” Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$68,832.00. The Division concludes that the total audited charges exceed \$40,000.
2. 28 Texas Administrative Code §134.401(c)(2)(C) allows for payment under the stop-loss exception on a case-by-case basis only if the particular case exceeds the stop-loss threshold as described in paragraph (6). Paragraph (6)(A)(ii) states that “This stop-loss threshold is established to ensure compensation for unusually extensive services required during an admission.” The Third Court of Appeals’ November 13, 2008 opinion states that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services” and further states that “...independent reimbursement under the Stop-Loss Exception was meant to apply on a case-by-case basis in relatively few cases.” The requestor in its original position statement states that “This patient was urgently admitted to Memorial Hermann Hospital by Dr. Dhiren Sheth to perform a complicated left total knee replacement...This surgery is an inherently complicated procedure requiring extensive services and supplies, and operating room time.” “This injured employee was treated at Memorial Hermann from December 12, 2005 through December 14, 2005. The complications from previous injury coupled with the additional procedures performed rendered this total knee replacement a complicated procedure due to the nature of the procedure and extensive services and supplies provided. The nature of the patient’s extensive injury and post operative care required the patient to incur unusually costly services and medical supplies during his stay...Due to the unusually costly and extensive services and supplies provided and the patient’s extended length of stay, the hospital’s usual and customary charges for room and board, ancillary services, drug charges and implants exceeded the stop loss threshold found in the Acute Care Inpatient Hospital Fee Guideline, Rule 134.401(c)(6).” “Because the hospital’s usual and customary charges exceeded the stop loss threshold, payment should have been made at 75% of total charges.” This position does not meet the requirements of 28 Texas Administrative Code §134.401(c)(2)(C) because the requestor presumes that the disputed services meet Stop-Loss, thereby presuming that the admission was unusually extensive. In its supplemental position statement, the requestor asserts that: “The Court further determined that to apply the Stop-Loss Exception, a hospital is required to demonstrate that its total audited charges exceed \$40,000, and the admission involved unusually costly and unusually extensive services to receive reimbursement under the Stop-Loss method”. “Based upon this information, Memorial Hermann has met its burden under the Stop-Loss exception and is entitled to the additional reimbursement.” In support of the requestor’s position that the services rendered were unusually extensive, the requestor submitted affidavits from the System Executive of Patient Business Services for Memorial Hermann Healthcare System, and from the Chief of Care Management for Memorial Hermann Healthcare System. The requestor’s supplemental position and affidavits failed to meet the requirements of §134.401(c)(2)(C) because the requestor does not demonstrate how the services in dispute were unusually extensive compared to similar knee surgery services or admissions. The division concludes that the requestor failed to meet the requirements of 28 Texas Administrative Code §134.401(c)(2)(C).
3. 28 Texas Administrative Code §134.401(c)(6) states that “Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.” The Third Court of Appeals’ November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually costly services. Neither the requestor’s position

statements, nor the affidavits provided demonstrate how this inpatient admission was unusually costly. The requestor does not provide a reasonable comparison between the cost associated with this admission when compared to similar knee surgery services or admissions, thereby failing to demonstrate that the admission in dispute was unusually costly. The division concludes that the requestor failed to meet the requirements of 28 Texas Administrative Code §134.401(c)(6).

4. For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The Division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.
- Review of the submitted documentation finds that the services provided were surgical; therefore the standard per diem amount of \$1,118.00 per day applies. Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that “The applicable Workers' Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission...” The length of stay was two days. The surgical per diem rate of \$1,118.00 multiplied by the length of stay of two days results in an allowable amount of \$2,236.00.
  - 28 Texas Administrative Code §134.401(c)(4)(A), states “When medically necessary the following services indicated by revenue codes shall be reimbursed at cost to the hospital plus 10%: (i) Implantables (revenue codes 275, 276, and 278), and (ii) Orthotics and prosthetics (revenue code 274).”
  - A review of the submitted medical bill indicates that the requestor billed revenue code 278 for Implants at \$24,476.50.
  - The Division finds the total allowable for the implants billed under revenue code 278 is:

Description of Implant per Itemized Statement and Implant Record	Quantity	Cost Invoice	Cost + 10%
Cable Wires	1	\$195.00	\$214.50
Femoral Knee Component Uncoat	1	\$2,030.60	\$2,233.66
Tibial Component Uncoated	1	\$1,404.65	\$1,545.12
Tibial Insert	1	\$819.00	\$900.90
Patella	1	\$525.85	\$578.44
Tibial/Femoral Extension Stem	1	\$1,092.00	\$1,201.20
Bone Cement	1	\$168.75	\$185.63
TOTAL	7		\$6,859.44

The division concludes that the total allowable for this admission is \$9,095.44. The respondent issued payment in the amount of \$9,276.93. Based upon the documentation submitted no additional reimbursement can be recommended.

### **Conclusion**

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to demonstrate that the disputed inpatient hospital admission involved unusually extensive services, and failed to demonstrate that the services in dispute were unusually costly. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in no additional reimbursement.

## ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
